BBD has been awarded #10 in the Top Ten BCBusiness Best Companies to Work for in 2008

We are pleased to announce that BBD has been awarded #10 in the BCBusiness Magazines Best Companies to work for 2008. For the past seven years, BCBusiness has been recognizing those companies that are at the top of the heap when it comes to recruiting and retaining talented employees in the competitive B.C. labour market.

This year, 92 eligible employers signed up to have their corporate culture put to the test in the form of a survey administered by Caliber Leadership Systems. Employers and employees alike were asked a series of multiple choice questions, with the majority of the emphasis put on employee responses. The top 20 companies were then divided into two categories: Companies with fewer than 100 employees, and Companies with more than 100 Employees.

Mike McClenahan, CEO of Benefits By Design comments "it is truly an honor for BBD to be recognized as one of the best companies to work for in BC. More importantly, it provides us with validation that we are on the right path with our employee hiring and training practices. The award is a credit to dynamic and progressive team we have at BBD."

In the December issue of BC Business magazine you can find BBD in the #10 spot in the under 100 employees category, and we proudly display our award in the BBD PoCo office.
